The Selectmen's Word

RELIEF

The relief account is constantly decreasing, and there should be no reason for giving aid to anyone except those who from age or sickness are unable to work. At the present time we have ten such cases.

ROADS AND BRIDGES

This year, owing to the labor shortage, we have been unable to do any new construction work. Owing to the government restrictions on tarvia products, we have been unable to do any resurfacing of sidewalks this year. However, late in November these restrictions were lifted and we expect to be able to carry on this work during this coming summer.

CIVILIAN DEFENSE

While activities in Civilian Defense have now been reduced to a minimum, the government requests that we shall keep our organization intact and maintain our Control Center for any emergency that may arise.

JOHN N. BALCH,
WARREN K. WENTWORTH,
TRUMAN I. LITTLEFIELD,
Selectmen of Kennebunk.

REPORT

OF THE

Superintendent of Schools

Kennebunk, Maine February 1, 1944.

To the Superintending School Committee of Kennebunk:

I submit to you at this time the annual report of the Superintendent of Schools.

The School Census of April 1, 1943, lists 613 boys and 574 girls, a total of 1187 persons between the ages of five and twenty-one years in the town on that date. There were 756 enrolled in the schools of Kennebunk in the fall. e e

Several changes have taken place in the corps of instructors at the high school building. Mrs. Jennie Horne and Miss Drusilla Bailey replace Miss Libby and Miss Pullen of the Senior High School, while Miss Cicely Kennedy, Miss Pearl Hartt and Miss Arlene Ruth are new in the seventh and eighth grade work.

In the other buildings of the town there have been only two changes. Mrs. Georgia Couture has taken the position formerly held by Miss Younger in the West Kennebunk Primary and Miss Mary Driscoll the position in the primary room at Lower Village formerly held by Miss Buck.

Since the resignation of Miss Barbara Balch, who joined the WAVES last summer, we have been without a music supervisor. I hope that we may be able to find someone to succeed Miss Balch, but the number of teachers in any special field is very limited and growing more limited.

Minor repairs and replacements have been made this year. Scarcity of some materials and shortage of labor has restricted the amount of work done however.

The committee has managed the finances so well during the past year that large balances are found in the elementary and high school accounts. The amount received from the state is larger than in past years. If salaries paid the teachers of a town are at a certain level more money is received in the state fund from the number of teaching positions.

We are glad that we are able to carry on the work for next year without asking for any increase in our appropriations.

May I express my appreciation for the work of the teachers, the help given by the school committee and the assistance of the interested citizens of the town.

Yours respectfully,

JOHN S. CARVER.

REPORT OF HIGH SCHOOL PRINCIPAL

To Mr. John S. Carver, Superintendent of Schools:

I hereby submit to you the annual report of the principal of Kennebunk High School.

It would be presumptuous to say that we are carrying on as usual. We are not. War has brought changes, curtailments, and accompanying problems, the solution of which must, in some cases await the end of the war. In other cases temporary or final solutions have already been made. Five new teachers have been added to our faculty this year—a turnover of nearly 50%. They have for the most part adjusted themselves readily to the routine of the school and in many cases have shown promise of outstanding ability.

The commercial department under the efficient direction of one of our new teachers—Mrs. Horne—has progressed in a satisfactory manner and will graduate a group well qualified in that field.

War time conditions have forced an increase in the prices at the school cafeteria and shortages of certain kinds of food have occurred but nourishing meals are still being served.

Because of the lack of a regular music teacher, the 7th and 8th grade music has been curtailed to some extent. However, the home room teachers in these grades are carrying on in music—helping to bridge the gap for the present. Miss Pearl Hartt is working with a junior glee club and Mrs. Whitten with a senior chorus.

Band is progressing as usual, as yet influenced very little by the war although new instruments are difficult to obtain. The quality of the band is continually improving—a tribute to Mr. Everett Firth and his assistants, Mr. Ramsdell and Mr. Cella.

In these days of war dislocations, a special effort is being made to continue to give the greatest possible opportunity for organized and supervised games—basketball in particular. Miss Hartt and Mr. Rawnsley have shown enthusiasm in working with the 7th and 8th grade girls and boys and the freshmen groups. Added to these are the regular varsity teams carrying on regular schedules of games.

There is one field in which we might do more than we are doing at present—that of the backward, the physically handicapped, the very slow learning pupils. A special class might be

developed for them so that through the classes these students might be expected to find an interest and value in the program of the school. This should be a forward step toward solving the problem of pupils dropping out of school before they have received an adequate education.

Respectfully submitted,

LAWRENCE L. PAGE.

Board of Engineers

There have been 67 alarms this year, 47 still and 20 box.

There are about the same number of auxiliary firemen this year as last. Have purchased helmets, nozzles and new fire alarm cards. The latter have been delivered at the houses.

There have been minor repairs made to the fire buildings but next year the T. B. Reed Hose house at West Kennebunk will have to be shingled and also the tower of the Washington Hose Co. at the Lower Village.

The alarms as listed above do not include those of forest and grass fires.

Respectfully submitted,

CHARLES H. CURRIER,
Chief Engineer.

Ralph O. Evans,
Sidney E. Towne,
Clyde E. Rand,
Assistant Engineers.

Report of Health Officer

To the Selectmen and Voters of the Town of Kennebunk, the Health Officer submits the following report:

For the most part the health of the town has been very good.

During the early part of the year there were several cases of measles and a few of chickenpox but no real epidemic.

There have been eight cases of scarlet fever, seven of them in one family.

As regards fumigation, the state does not recognize the old method as adequate. A man from the State Board of Health came to Kennebunk and ordered everything to be boiled that could be. All quilts and blankets hung out doors in the sun and all wall surfaces, floors, mattresses and furniture wiped with a strong solution of yellow soap. All of which was done.

The sewage conditions which have been reported were corrected as soon as plumbers were available.

EDGAR S. HAWKES, M. D.,
Health Officer.

Park Commission

The work of the park and playground department has been curtailed on account of our inability to procure the labor for the many things that should have been attended to, such as, spraying, pruning of the trees and shrubs and removing dead trees, of which there are several on our streets.

This work is accumulating and will have to be attended to in the future.

While we spent less than one half of the appropriation, we are asking for the same as last year (\$800.00), as we feel that this, with the balance left from our 1943 appropriation, will be needed as soon as the conditions of the labor market change.

We wish to express our appreciation of the cooperation we have received from Mr. Ernest Brown, the Road Commissioner, and the men under him in taking care of the lawns and of the parks and playground. Without his assistance we doubt if we should have been able to have found labor to do this work.

FRANK RUTTER.

ROBERT T. DAVIS.

ELLIOT ROGERS.

Report of Milk Inspector

To the Citizens of Kennebunk:

Our milk supply is locally produced and continues to be above the state requirement by a wide margin. The customers have their choice of raw or pasteurized. The sanitary conditions under which it is produced are good.

It is gratifying to know that in the face of the labor shortage our dairymen continue to maintain their usual production.

ALBERT P. DAY,

Milk Inspector.

REPORT

OF THE

Electric Light Department

To the Citizens of Kennebunk:

The report of Treasurer Oliver E. Curtis gives very completely details and summaries of the year 1943. We have carried on, quite satisfactory, we believe, notwithstanding many Government restrictions. Our surplus may seem larger to some than need be but at the war's end it will be necessarily much depleted by demands of present necessities and future developments. Our plant personnel, with only one replacement, remains very satisfactory. Our Treasurer has devoted a great deal of time to collections with the result that there are fewer unpaid accounts than ever before. Our rates are the lowest in Maine.

GEORGE E. COUSENS,

FRANK W. JENNINGS,

EDGAR A. BOWDOIN,

Commissioners.

To the Electric Light Commissioners:
Gentlemen,—

For the year 1943 the Electric Light Department showed a gain, before depreciation, \$13,643.54 as against gain for the previous year \$14,616.79. In determining the gain this year a new factor entered into consideration.

During the last ten years we have been paying the town \$5,000.00, each year and charging it to Capital Surplus. This year there being no capital surplus, owing to its liquidation, any amount paid to the town had to be charged to operating expenses. The \$3,000.00 the Department assumed to pay the town, in lieu of taxes on industrial property acquired by the Department, reduced our gain to that amount.

In March reduced rates were filed with the Public Utilities Commission to become effective April 1st. These reductions were calculated to reduce our revenue \$2,000.00. New business offset this reduction to the extent that the revenue of 1943 only fell short of the 1942 revenue \$786.46.

After charging \$3,000.00 for depreciation we report a net gain of \$10,643.54. This amount credited to Earned Surplus brings the total to \$229,817.46 as may be seen in the financial report.

Treasurer and Manager,

NOTE

All statements and figures submitted in this report are correct to my best knowledge and belief and are subject to audit by the State Auditing Department.

Owing to a shortage of personnel in that Department we have been unable to get an audit up to this time.

Signed,

OLIVER E. CURTIS,
Treas. and Manager.

Auditor's Report

Due to the many pages that would be required to publish the complete report of the Auditor, it has been deemed advisable to omit some of the tabular detail, which is on file at the Selectmen's office and may be seen at any time by any citizen. Following is the statement of the auditor.

STATE OF MAINE
STATE DEPARTMENT OF AUDIT

Augusta

February 3, 1944.

To the Inhabitants of the Town of Kennebunk:

In accordance with the request of your municipal officers, this department, represented by M. G. Allen and L. D. Daniels, has completed an examination of the accounts of your town officials for the municipal year ended December 31, 1943.

In our opinion, based upon such examination, the accompanying exhibits and schedules fairly present the financial condition of your municipality as of December 31, 1943, and the results of its operations for the municipal year then ended.

Respectfully submitted,

STATE DEPARTMENT OF AUDIT,

Harold E. Crawford,

Municipal Auditor.

1870 — 1943

Town Constable 1917 - 1941

WARRANT

For Annual Town Meeting

MONDAY, MARCH 6, A. D. 1944

And Report of Budget Committee

To A. Wesley Leech, a Constable of the Town of Kennebunk in the County of York and the State of Maine:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Kennebunk, qualified by law to vote in town affairs, to assemble in the Town Hall of said Town on Monday, the sixth day of March, A. D. 1944, at nine o'clock in the forenoon, then and there to act on the following articles, viz:

First—To choose a moderator to preside over said meeting.

Second—To elect, under the provisions of Sections 33 to 52 to Chapter Five of the Revised Statutes of Maine, duly accepted by said Town, the following Town Officers for the ensuing year, namely: one Town Clerk; one Selectman, one Assessor and one Overseer of the Poor for the Upper District; one Selectman, one Assessor and one Overseer of the Poor for the Middle District; one Selectman, one Assessor and one Overseer of the Poor for the Lower District; a Town Treasurer for one year; one Superintending School Committeeman for

three years; one Superintending School Committeeman for one year; one Collector of Taxes; five Constables; one Chief Engineer of the Fire Department; one Road Commissioner; one Park Commissioner for three year; and three Assistant Engineers of the Fire Department.

The polls will be open at nine o'clock in the forenoon and continue open until six in the afternoon, when they will close. "

The Selectmen hereby give notice that they will be in session in their office in the Town Hall for the purpose of correcting a list of voters on Friday and Saturday, the third and fourth days of March, 1944, from two until four o'clock in the afternoon, and on the day of said meeting from nine in the forenoon until the election of Town Officers required by law to be elected by ballot, has been completed.

Third—To see what sum of money the Town will vote to raise for the construction and repair of roads, bridges and sidewalks in said Town during the ensuing year, and how the same shall be raised.

3. Com. recommends \$4,050.00 by assessment.
